23 Dec 2021

Zoom

6:00 pm

"സ്കൂൾ" (school)

The film captures the lived experiences of female primary school teachers in GLPS Mundur, Palakkad district of Kerala during the covid- 19 pandemic. The challenges of online learning , their coping mechanisms and state's role have been highlighted.

"A Post-COVID Day Out"

The hill station of Nainital, during COVID-19, faced an enormous financial loss as the tourism industry crumbled to the ground. The film captures how people involved in the tourism industry from different walks of life held up during the advent of this malicious pandemic.

"Final Year"

The film is based on final year engineering undergraduates of GBPUAT. It highlights their experiences, some negative aspects of college life which are often out of popular media's wrap. It leaves an important message for the parents and the society.

"Anganwadi- Into a New Normal"

The film explores journey of an Anganwadi centre in a "new normal" and highlights the changes and challenges faced by anganwadi workers in pre and post - covid times.

"Loss of Education: The Unheard Story"

The microdocumentary explores the devastating impact of the Covid-19 pandemic on the students of a primary school in the semirural region of Sankarpur, on the outskirts of Kolkata, and amplifies the universal tale of neglect faced by the children living in rural areas.

"Education during the Pandemic"

This micro-documentary is an attempt to document the experiences of children from all kinds of households in a small town in Uttar Pradesh with respect to education during the pandemic. It elucidates the problems faced by the students and their coping mechanism.

"Recovery on the Borderlines"

An autoethnographic film that explores recovery while living with a mental illness.

"Manipur: Schools amidst Covid"

Two boys share the hardships they faced during the second wave of pandemic in Manipur.

6:00 PM | 23rd December 2021
